

## MASSACHUSETTS NOTICE FORM

### Notice of Psychologists' Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

#### I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

I may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.
- “Treatment, Payment and Health Care Operations”
  - *Treatment* is when I provide, coordinate or manage your health care and other services related to your health care. An example of treatment would be when I consult with another health care provider, such as your family physician or another psychologist.
  - *Payment* is when I obtain reimbursement for your healthcare. Examples of payment are when I disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
  - *Health Care Operations* are activities that relate to the performance and operation of my practice. Examples of health care operations are quality assessment and improvement activities, business-related matters, such as audits and administrative services, and case management and care coordination.
- “Use” applies only to activities within my practice, such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “Disclosure” applies to activities outside of my office, such as releasing, transferring, or providing access to information about you to other parties.

#### II. Uses and Disclosures Requiring Authorization

I may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. “Psychotherapy notes” are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have

kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

### III. Uses and Disclosures with Neither Consent nor Authorization

I may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If I, in my professional capacity, have reasonable cause to believe that a minor child is suffering physical or emotional injury resulting from abuse inflicted upon him or her which causes harm or substantial risk of harm to the child's health or welfare (including sexual abuse), or from neglect, including malnutrition, I must immediately report such condition to the Massachusetts Department of Social Services.
- **Adult Abuse:** If I have reasonable cause to believe that an elderly person (age 60 or older) is suffering from or has died as a result of abuse (including financial exploitation), I must immediately make a report to the Massachusetts Department of Elder Affairs. I must make a report to the Disabled Persons Protection Commission and/or other appropriate agencies, if I have reasonable cause to believe that a mentally or physically disabled person is suffering from or has died as a result of a reportable condition, which includes non-consensual sexual activity (see below). I need not report abuse if you are a disabled person and you invoke the psychotherapist-patient privilege to maintain confidential communications.
- "Abuse" means an act or omission which results in serious physical or emotional injury to an elderly or disabled person or financial exploitation of an elderly person. However, no person shall be considered to be abused or neglected for the sole reason that such person is being furnished or relies upon treatment in accordance with the tenets and teachings of a church or religious denomination by a duly accredited practitioner thereof.
- "Disabled person" means a person between the ages of 18 and 59, inclusive, who is mentally retarded (see definition below), or who is otherwise mentally or physically disabled and as a result of such mental or physical disability is wholly or partially dependent on others to meet his daily living needs.

"Financial exploitation" means an act or omission by another person, which causes a substantial monetary or property loss to an elderly person, or causes a substantial monetary or property gain to the other person, which gain would otherwise benefit the elderly person but for the act or omission of such other person. However, such an act or omission shall not be construed as financial exploitation if the elderly person has knowingly consented to such act or omission, unless such consent is a consequence of misrepresentation, undue influence, coercion or threat of force by such other person. In addition, financial exploitation shall not be construed to interfere with or prohibit a bona fide gift by an elderly person or to apply to any act or practice in the conduct of any trade or commerce declared unlawful under the state consumer protection act

- "Mentally retarded person" means a person who, as a result of inadequately developed or impaired intelligence, is substantially limited in his or her ability to learn or adapt as determined by proper clinical authorities (defined in the regulations of the Department of Mental Retardation), and as judged by established standards available for the evaluation of a person's ability to function in the community.
- "Reportable condition", a serious physical or emotional injury resulting from abuse, including unconsented to sexual activity.
- **Health Oversight:** The Board of Registration of Psychologists has the power, when necessary, to subpoena relevant records should I be the focus of an inquiry.
- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made for information about your diagnosis and treatment and the records thereof, such information is privileged under state law and I will not release information without written authorization from you or your legally-appointed representative, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court-ordered. You will be informed in advance if this is the case.
- **Serious Threat to Health or Safety:** If you communicate to me an explicit threat to kill or inflict serious bodily injury upon an identified person and you have the apparent intent and ability to carry out the threat, I must take reasonable precautions. Reasonable precautions may include warning the potential victim, notifying law enforcement, or arranging for your hospitalization. I must also do so if I know you have a history of physical violence and I believe there is a clear and present danger that you will attempt to kill or inflict bodily injury upon an identified person. Furthermore, if you present a clear and present danger to yourself and refuse to accept further appropriate treatment, and I have a reasonable basis to believe that you can be

committed to a hospital, I must seek said commitment and may contact members of your family or other individuals if it would assist in protecting you.

- **Worker's Compensation:** If you file a workers' compensation claim, your records relevant to that claim will not be confidential to entities such as your employer, the insurer and the Division of Worker's Compensation.

#### IV. Patient's Rights and Psychologist's Duties

##### Patient's Rights:

- *Right to Request Restrictions* – You have the right to request restrictions on certain uses and disclosures of protected health information about you. However, I am not required to agree to a restriction you request.
- *Right to Receive Confidential Communications by Alternative Means and at Alternative Locations* – You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are seeing me. Upon your request, I will send your bills to another address.)
- *Right to Inspect and Copy* – You have the right to inspect or obtain a copy (or both) of PHI and psychotherapy notes in my mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. I may deny your access to PHI under certain circumstances, but in some cases, you may have this decision reviewed. On your request, I will discuss with you the details of the request and denial process.
- *Right to Amend* – You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. I may deny your request. On your request, I will discuss with you the details of the amendment process.
- *Right to an Accounting* – You generally have the right to receive an accounting of disclosures of PHI for which you have neither provided consent nor authorization (as described in Section III of this Notice). On your request, I will discuss with you the details of the accounting process.
- *Right to a Paper Copy* – You have the right to obtain a paper copy of the notice from me upon request, even if you have agreed to receive the notice electronically.

Psychologist's Duties:

- I am required by law to maintain the privacy of PHI and to provide you with a notice of my legal duties and privacy practices with respect to PHI.
- I reserve the right to change the privacy policies and practices described in this notice. Unless I notify you of such changes, however, I am required to abide by the terms currently in effect.
- If I revise my policies and procedures, I will notify you of this by mail or by e-mail.

V. Complaints

If you are concerned that I have violated your privacy rights, or you disagree with a decision I made about access to your records, you may contact the U.S. Department of Health and Human Services at 1-877-696-6775.

VI. Effective Date, Restrictions and Changes to Privacy Policy

This notice will go into effect on April 15, 2003

I reserve the right to change the terms of this notice and to make the new notice provisions effective for all PHI that I maintain. I will provide you with a revised notice by mail or by e-mail.

Lou Eckart, Ph.D. and Associates  
Licensed Clinical Psychologists  
22 Mill St. Suite 305
